

TIBA CNG
THE CITY BUS

**DRIVING INTO A GREENER
FUTURE WITH EXCELLENCE**

GEYUSHI

INTRODUCING TIBA CNG

FROM GEYUSHI AUTOMOTIVE INDUSTRY

Geyushi Automotive Industry, a leader in Egypt's bus manufacturing sector and across the MENA region, is committed to delivering sustainable transportation solutions. Introducing the **TIBA CNG** City Bus, designed with eco-friendly CNG powertrains to support a low-emission, greener future for urban mobility in the Middle East and Africa.

TIBA CNG – Transforming Every Trip into a Safe, Comfortable and Sustainable Journey.

SUPERIOR PERFORMANCE AND RELIABILITY

The Geyushi Z207N "**TIBA CNG**" is engineered to operate in challenging environmental conditions and urban conditions. Built to comply with Gulf Standardization Organization (GSO) standards, it ensures world-class safety, quality and durability. The bus is equipped with a low-emission CNG engine that provides efficient performance while minimizing environmental impact. It comes with an automatic transmission for smooth handling across urban and sub-urban routes, with an optional manual version available for specific operational needs.

The large CNG cylinder capacity enables long-distance travel with less replenishing, making it ideal for public transportation, employee, student and labor transit, with customizable specifications for fleet requirements.

A close-up photograph of the front left side of a bright yellow car. The focus is on the headlight, which is illuminated with a warm, orange glow, and the large, dark, horizontally-slotted grille. The car's bodywork is smooth and reflects the light.

ROBUST EXTERIOR
DESIGN

ROBUST EXTERIOR DESIGN

The **TIBA CNG** bus boasts a modern exterior, built to withstand the rigors of daily urban transit. Its strong frame ensures a long service life, while the standard two passenger doors can be customized to three to facilitate faster boarding. The bus features advanced LED exterior lighting, halogen fog lights and daytime running lights, enhancing visibility and safety in all conditions. Its sleek design reflects innovation and reliability, making it a standout choice for modern city transportation.

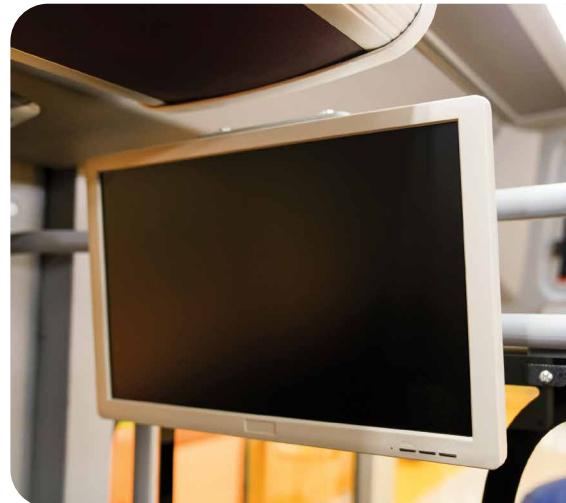

EXCEPTIONAL
COMFORT

EXCEPTIONAL COMFORT

Passenger comfort is at the heart of the **TIBA CNG** design. From spacious interiors to, ergonomically designed seats that provide ample legroom and footrests for a relaxing journey. An advanced climate control system, combined with high-quality insulation, maintains a quiet, temperature-controlled environment, shielding passengers from external noise and climatic extremes.

The air suspension system and precise steering control ensure a smooth ride for both passengers and drivers. Every detail of the interior has been thoughtfully crafted to deliver a comfortable and enjoyable experience, transforming daily commutes into stress free trips.

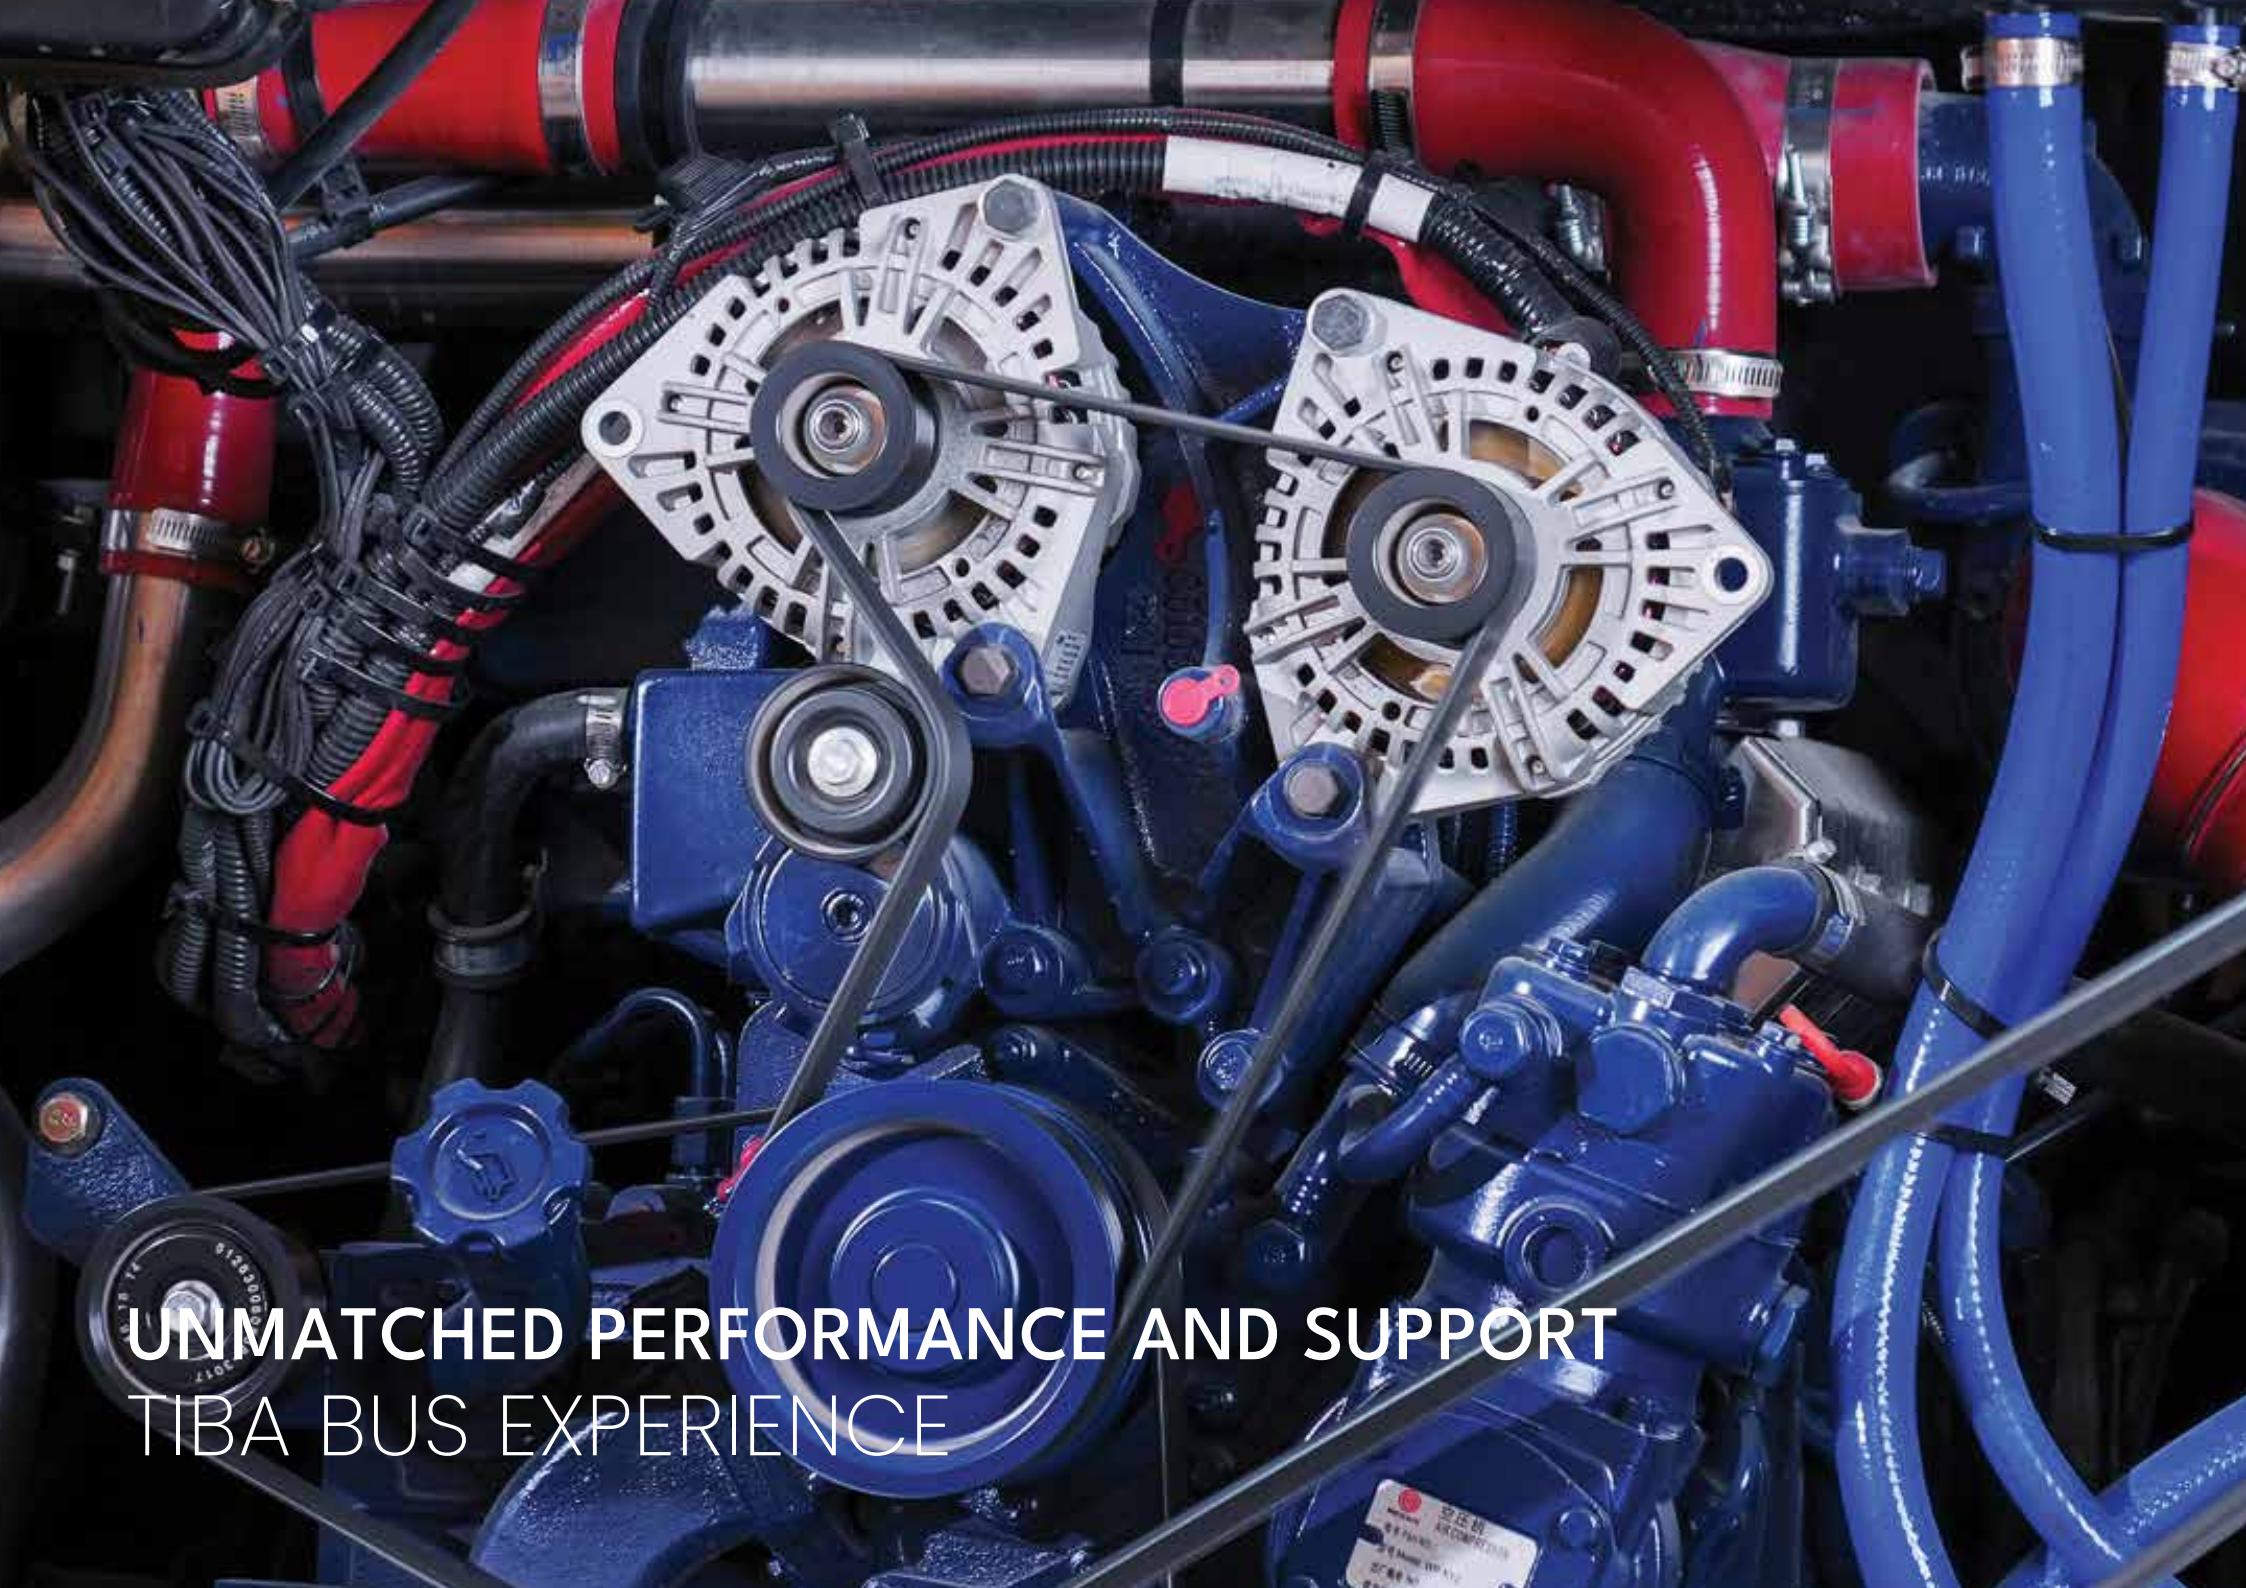

UNCOMPROMISED SAFETY

Safety is a cornerstone of the **TIBA CNG** City Bus. The vehicle features a dual air circuit braking system integrated with an EBS System to ensure reliable stopping power in all conditions. The automatic engine temperature control system maintains optimal operating conditions, enhancing both safety and durability. An advanced fire suppression system in the engine compartment provides rapid response in the event of an unfavorable incident.

For additional protection, the bus is equipped with CCTV monitoring both inside and outside, seat belts for every passenger, door sensors to prevent accidental closure and multiple emergency exits including manual roof hatches and side doors, guaranteeing world class safety measures.

UNMATCHED PERFORMANCE AND SUPPORT
TIBA BUS EXPERIENCE

APPLICATIONS AND VERSATILITY

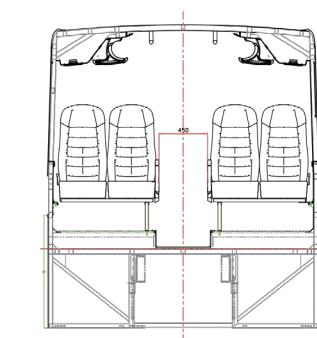

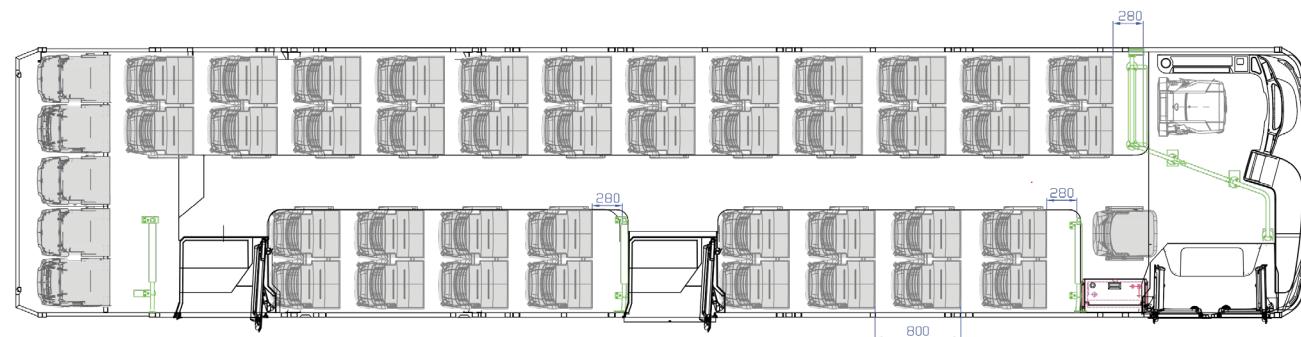

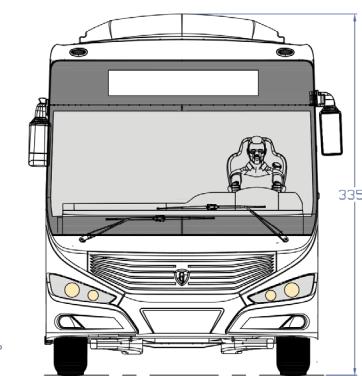

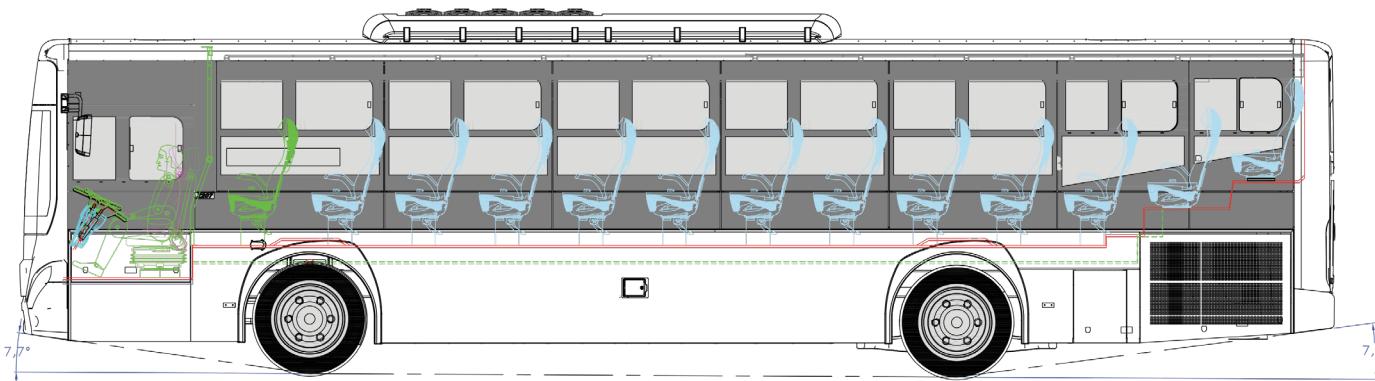

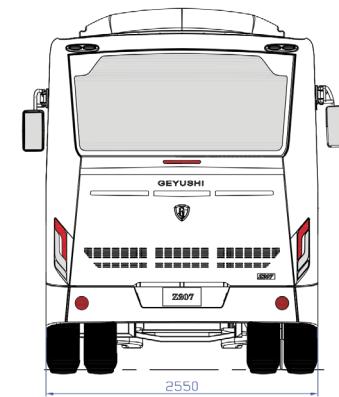

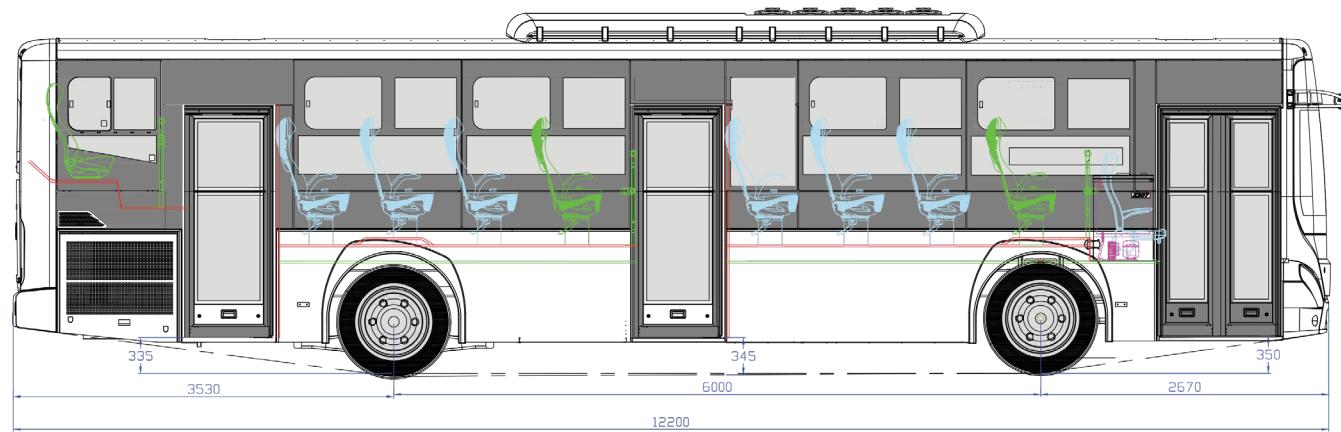

The **TIBA CNG** bus is highly versatile and can serve multiple purposes. It is ideal for urban and intercity public transport, corporate and employee shuttles, as well as student and labor transportation. The bus can be fully customized to meet the specific needs of any fleet, providing a flexible and reliable solution for a variety of operational needs.

A PROMISE OF RELIABILITY AND SERVICE

The **TIBA CNG** City Bus combines eco-friendly performance with unmatched reliability. Its low-emission **CNG** powertrain supports sustainable operations while minimizing environmental impact. The bus is designed to withstand harsh climates and daily urban wear, ensuring long-term durability. Passenger comfort is prioritized with spacious interiors, advanced climate control and smooth suspension. Comprehensive safety features provide peace of mind for both passengers and drivers. With its modern design, customizable options, and superior performance, the **TIBA CNG** is the ultimate solution for safe, comfortable, and sustainable urban mobility.

LAYOUT

SPECIFICATIONS

Length	12200 mm
Width	2550 mm
Height	3150 mm (without A/C) - 3350 mm (with A/C)
Wheelbase	6000 mm
Max. Gross Vehicle Weight	19600 kg
Front Axle Load	7000 kg
Rear Axle Load	13000 kg
Seating Capacity	51 Passenger Seats + 1 Driver Seat
Standing Passengers	As per interior layout due to customer requirements
Doors	2 Passenger Doors
Engine Type	Dedicated CNG Weichai
Engine Max Power	Up to 300 hp
Engine Max Torque	Up to 1230 N·m
Fuel Type	Compressed Natural Gas (CNG)
CNG Cylinder Capacity	980 L
Gearbox	Manual or Automatic (Optional)
Suspension	Air Suspension — Front 2 / Rear 4
Steering	Power Steering
Tyres	6 + 1 Tyres — 295/80 R22.5
Air Conditioning	Optional (Roof-mounted)

Head Office : 18,19 El Shaheed Axis, Katamya, Nasr City, Cairo.

New Cairo Branch : 340 South Ninety St, New cairo.

Factory : Plot 9, Zone A3', 10 th Of Ramdan, El-Sharkia, Egypt.
